## Projects and collaborations

From 2002 to 2007 active as *Aleph*, a drone/noise act. Often playing in collaboration with *Artur ARh+ Kwiatkowski* (*Pure*, currently *Akton* and a half of *DREN*) and *Non-Iron Group* (*Robert Sochacki*, *Zambari*, *Anna Patrini*, *Arszyn et al.*). Did a “correspondence” album with German *Eternal Ice*.

From 2004 to 2005 member of garage dark ambient band *Muezinn* with *Grzegorz Kwiatkowski* (currently *Trupa Trupa*). In 2005 member of a short-lived cut-up/collage guerrilla *Szrómberryplot* with *Jakub Biłski* tossing recycled cassettes to random mailboxes and public toilets.

From 2006 to 2007 member of d’n’b cabaret *Boa Zeria Sound System / BZSS* with *Rafał “Siebenlustigetomaten” Zaremba* (weird performances and short films<sup>1</sup>).

Since 2010 member of dada-drone duo *Bracia Feccaliano* with *Marek P.* (over a dozen lengthy compositions on classified recycled cassettes).

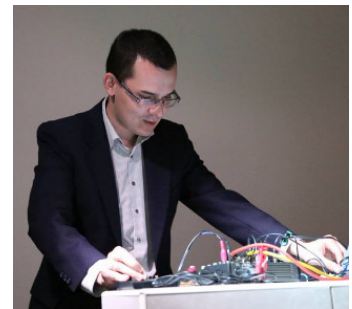

Late 2013 started explorations of boundary cases of composition using analog synthesizers, in 2014 taking the name *Calineczka* (Polish for “Thumbelina”).

On September 2017 on a tour with *Dawid “Purgist” Kowalski* performed also as a duo *Psychotronika* (drone/experimental). In parallel to the tour managed to perform<sup>2</sup> his 6h long composition “RDS-6” in merely 5h!

On December 21 2018 founded *important drone records*.

On April 2019 joined *Libet*.

On September 2023 started *The Ścisław Dercz Experience*, a traditional synthesizer blues band.
